- Measuring (if needed) will start at 8:30am each day. Note that there is not a VMO on site for the competition, so dogs needing to be measured will receive measurements good only for the day of the competition, and must be measured prior to running, or scores earned will not be valid.
- **TIMETABLE:** Judge's briefing will be at 8:30am each day, walkthroughs for the first class will begin at 8:45 am each day, and **first dog on the line at 9:00 am each day**.

CHECK YOUR ENTRIES!

Failure to do so can result in VOID scores. Show managers will **NOT** correct your information on site as we have way too many other things to process, so please email us (showmanager@daisypeel.com) PRIOR to the show for any corrections.

- AKC: Is your dog number correct?
- AKC: Is your level for everything correct?

CRATING:

- Crating is available inside the building in 10'x10' stalls (dirt flooring). Dogs must be kenneled or crated while in the stalls. ***Volunteers will be given first priority for stall crating*** and stalls must be shared amongst competitors (plenty of room in each stall for multiple crates!!).

VOLUNTEERS:

- If you would like to volunteer please click [HERE](#) to go to the Google Spreadsheet for volunteers and sign up! We can't do it without you!

NQ / VOLUNTEER RAFFLE:

- We will be providing tickets for an NQ as well as a volunteer raffle! Please, please, please help wherever you can to help us have a smooth event! We appreciate every bit of help we can get.

UNDERSTAND THE RULES FOR FEO/NFC:

- You may turn any run into a FEO/NFC run, but you must declare this ***before you start***. You may use a toy or training aid (**NO food**). You may use this time for any type of training, as long as you are not abusive to your dog. A competition run that has been faulted may **NOT** be turned into an NFC run. SCT will be used. If a handler chooses to train their start line, the time will be started once the handler begins to walk back towards their dog once they have left him. Scribe will announce when time is up and the handler **MUST** immediately exit the ring.

- The rules for FEO/NFC are slightly different for UKI and AKC so listen to the judge's briefing to know what is and is not allowed for each organization.

RESULTS / MAPS / RUN ORDERS:

- **RESULTS** will be posted in a binder on the results table. We suggest taking a photo of the results to allow everybody to see results in a timely manner. Individual results will be emailed after the conclusion of the trial.
- **COURSE MAPS** will only be released when doors open. In addition, maps will be emailed to competitors, posted on The Agility Challenge Acres FB page, and posted on the wall inside the Agility Challenge Arena in the crating area.
- **RUN ORDERS** Please see the attached tentative run orders. Any conflicts will have a 5 minute maximum transition time between dogs. We can adjust run order via written corrections for conflicts in all other runs. Please be conscientious when requesting to move dogs as it is likely that somebody ELSE is relying on you and your dog to space out THEIR runs 😊
- **AGILITY GATE APP** We will be using the Agility Gate App for this event. **The code for this event is 1124.**
